

KFintech empowers subscribers with omni channel platform to check their allotment status for LIC IPO

Hyderabad, 12th May 2022: KFin Technologies Private Limited (“KFin Technologies”), a leading technology driven financial services platform providing comprehensive services and solutions to the capital markets ecosystem across asset classes, has developed a unique platform for LIC’s IPO subscribers.

Subscribers can login to the platform via <https://ris.kfintech.com/ipostatus> to access the status of their subscription. Further, subscribers can access their allotment status and have their queries and complaints registered and resolved leveraging any of the following additional channels -

- WhatsApp chat at +919100094099
- Chat with IPO Help Chatbot located at <https://ris.kfintech.com>
- Mail KFintech at lic.ipo@kfintech.com
- Call KFintech at 1-800-309-4001
- Walk into your nearest branch using branch locator at <https://www.kfintech.com/contact-us/>

KFintech has developed the omnichannel platform to enhance ease of accessing as well as real time resolution of queries and complaints. Leveraging its proven big data solutions, the Platform is capacitated to handle millions of concurrent users’ accessing of the platform in quick time. The enhanced Platform will be made available for all future IPOs in India.

KFintech is the official registrar for the LIC IPO.

About KFin Technologies

KFin Technologies serves the mission-critical needs of asset managers with clients spanning mutual funds, AIFs (alternative investments), pension, wealth managers and corporates in India and abroad. The company provides SaaS based end-to-end transaction management, channel management, compliance solutions, data analytics and various other digital services to asset managers across segments as well as outsourcing services for global players. KFin’s vision is to be the most preferred and proactive solutions provider for investment managers and intermediaries, which helps clients increase their market share by providing an agile platform for product innovation, widest geographical reach and technology enabled omni-channel investor services.

Kfin Technologies is majority owned by funds managed by General Atlantic, a leading global private equity investor. Kotak Mahindra Bank Limited acquired ~9.9% stake in Kfin Technologies in 2021.
