

KFintech launches Mumbai office; future plans include new facility at GIFT City

Plans to onboard over 300 employees at its new Mumbai facility

27th June 2022, Hyderabad: KFin Technologies Limited (“KFin Technologies”), a leading technology-driven financial services platform providing comprehensive services and solutions to the capital markets ecosystem across asset classes, has today announced the launch of its Mumbai facility.

KFin is looking at increasing capacity with plans to onboard over 300 employees at its new facility. With over 5000 employees serving various entities across the capital market spectrum in the world, KFintech’s new state-of-the-art facility will serve as a host to its employees based out of Mumbai. The Mumbai office will help in seamless interactions with customers and investors present in the region.

Commenting on the launch, **Sreekanth Nadella, CEO, KFin Technologies**, said, *“At KFintech, we’re always on the lookout for the right talent, people who align with our values, and share our commitment towards providing exceptional value to our clients and investors. As one of the biggest Registrar and Transfer Agents in the country, Mumbai is a strategic location for us. Having a physical presence in Mumbai makes it easier for us to coordinate and cooperate with all our stakeholders. We’re sure this new facility is just a first step in a long journey.”*

The company plans more expansions with a facility at GIFT City in Gujarat underway, enabling KFintech’s enhance global interactions as the company aims to become a financial hub for asset classes across geographies.

About KFin Technologies

KFin Technologies serves the mission-critical needs of asset managers with clients spanning mutual funds, AIFs (alternative investments), pension, wealth managers and corporates in India and abroad. The company provides SaaS based end-to-end transaction management, channel management, compliance solutions, data analytics and various other digital services to asset managers across segments as well as outsourcing services for global players. KFin’s vision is to be the most preferred and proactive solutions provider for investment managers and intermediaries, which helps clients increase their market share by providing an agile platform for product innovation, widest geographical reach and technology enabled omni-channel investor services.

Kfin Technologies is majority owned by funds managed by General Atlantic, a leading global private equity investor. Kotak Mahindra Bank Limited acquired ~9.9% stake in Kfin Technologies in 2021.
